

Southwestern College
and
Hutchinson Community College

Fire Science and Business Administration Memorandum of Agreement

Introduction

This agreement formally recognizes that **Southwestern College** and **Hutchinson Community College** are active educational partners in providing educational opportunities for currently enrolled and potential students of our combined institutions. **Southwestern College** and **Hutchinson Community College** share a commitment to increasing opportunities for student access to and success in higher education. Agreement to this partnership requires a commitment by both institutions to facilitate a student's ability to transfer into an undergraduate degree program without jeopardizing the intended mission and stated goals of either institution.

Purpose

This agreement defines a structure through which articulation on all levels can be supported. This agreement is specifically designed to allow for maximum transfer of credit and a seamless transition for students earning an associate degree. Development and distribution of all transfer articulation products (e.g. brochures, checklists or transfer guides) are the responsibility of **Southwestern College**. **Southwestern College** will honor the input from **Hutchinson Community College** so that the most efficient transfer possible may be achieved for the student. **Southwestern College** and **Hutchinson Community College** agree to develop a working plan which may include:

1. Creation and implementation of transfer material.
2. Counselor/advisor and faculty interchange.
3. Determination of location and method of distributing advisement information.
4. Distribution of transfer information on the Internet including the ability to electronically link both institutions through their transfer websites.

Transfer Elements

1. All coursework presented by students who have attended **Hutchinson Community College** will transfer to **Southwestern College**, with the exception of varsity athletics or courses identified by the first institution as developmental/remedial. A maximum of 64 hours earned at two-year colleges will apply to the bachelor's degree. Students transferring with an associate degree from **Hutchinson Community College** will not be required to take any further general education course work if they have already completed English Composition I and II as well as a college level math course (preferably College Algebra). Students will only be required to complete coursework in their chosen major plus any additional course work needed to reach a minimum of 60 hours of upper division course work. Students must have a minimum of 124 credit hours to graduate from **Southwestern College**.
2. **Hutchinson Community College** students may apply to **Southwestern College** program with 30 hours of credit. Although **Southwestern College** programs only require a minimum of 30 earned hours before entrance, it is preferable that **Hutchinson** students enter with an AA, AS, or AAS from **Hutchinson Community College**. The Hutchinson general education coursework completes the Southwestern College general education program requirements.
