Program Description

The Healthcare Administration program is committed to preparing healthcare leaders for the current and emerging challenges in the healthcare industry. Responsible citizenship at the individual and corporate levels, including ethical, legal, and socially responsible behaviors and business practices, are emphasized. Learners apply healthcare administration concepts and practices across a range of healthcare settings within the context of organizational mission and patient care needs.

Successful learners acquire knowledge and develop skills in decision making and operations management that include strategic planning, human resource management, financial management, business development and marketing, quality improvement and information management. They also gain the ability to interpret and apply healthcare policy, law, regulations, compliance requirements and accreditation standards.

Admission Requirements

1. Have completed a minimum of 6 post-high school college credits
2. Minimum GPA of 2.0
3. Minimum of 3 years of post-high school work experience

All degree requirements are subject to change. Please see Southwestern College Professional Studies Catalog for the most current degree requirements. All course descriptions can be found online at ps.sckans.edu.
