1. Complete the specific program requirements for the master’s program
2. Have an overall grade point average of 3.0, with no grade below a C (2.0)
3. Complete a minimum of 30 credit hours

Program Description

The Master’s in Curriculum and Instruction program at Southwestern College includes courses for P-12 grade teachers and other professionals seeking to enhance their knowledge and skills in curriculum, teaching, and assessment. It is organized through a four-dimensional approach designed to prepare educators for the 21st century. The program is grounded in the National Board for Professional Teaching Standards’ (NBPTS) five core propositions, which suggest that teachers are committed to students and their learning, know the subjects they teach and how to teach those subjects to students, are responsible for managing and monitoring student learning, think systematically about their practice and learn from experience, and are members of learning communities.

Admission Process

1. Complete graduate application forms
2. Provide current resume
3. Submit two professional letters of recommendation (at least one from a current or former employer)
4. Turn in one-page personal essay
5. Submit unofficial transcript from a bachelor’s degree-granting institution. Official transcripts must be received within 8 weeks following the start of class.

All degree requirements are subject to change. Please see Southwestern College Professional Studies Catalog for the most current degree requirements. All course descriptions can be found online at ps.sckans.edu
