

Legal Aspects of Commercial and Financial Transactions

MACC511 [all sections]

Southwestern College Professional Studies

COURSE SYLLABUS

I. Course Catalog Description

This course is designed to provide learners with sufficient knowledge and understanding to identify and manage legal issues in financial and commercial transactions. This type of understanding requires a knowledge of the operation of business organizations, the various provisions in the Uniform Commercial Code that govern commercial transactions, federal securities regulations, and various other pertinent laws. Accordingly, learners examine the relation of the legal, regulatory, and ethical environment to commercial transactions. These topics are viewed in a real world application or case - study approach.

Prerequisites: MGMT510 and MGMT515

II. Required and Supplementary Instructional Materials

Miller, R. L. (2013). *Fundamentals of business law: Summarized cases* (9th ed.). Mason, OH: South-Western, Cengage Learning.

III. Course Delivery

There are two forms of course delivery Ground and Online:

Ground courses, or those that meet face-to-face on a weekly basis, also have an online component, which means some of the course content is delivered online. Southwestern College utilizes the Blackboard (Bb) learning management system.

Online courses typically contain a blend of synchronous (real-time) and asynchronous (not real-time) material. Depending on the course, you may be required at times to interact "live," which might mean attending a scheduled Collaborate session. You may also be required to view or listen to a lecture or other video on a specific date and time. Of course, if there are circumstances that prohibit you from logging in to a scheduled synchronous activity, an alternate assignment will be provided. Please refer to the [Course at a Glance](#) section which will note any synchronous activities.

IV. Learning Outcomes

Learning outcomes describe the knowledge, skills, values, and attitudes that learners gain as the result of a particular learning experience. Southwestern College Professional Studies has learning outcomes specific to each course and each [undergraduate](#) and [graduate](#) program of study, as well as [institution-wide outcomes](#) related to the mission and vision of the college. Outcomes can help learners and instructors focus on the big picture of the learning experience and can help inform potential employers about a graduate's knowledge and skills.

Upon successfully completing this course, the learner will be able to:

1. Describe the types of financial and commercial transactions
2. Define legal terms associated with each of the types of financial and commercial transactions
3. Explain the key components of the major laws and regulations for financial and commercial transactions
4. Identify and discuss the ethical issues associated with each of the major laws and regulations
5. Describe the major legal challenges associated with important laws and regulations that guide financial and commercial transactions

6. Assess documented practice, outcomes, and credible opinions related to financial and commercial transactions to formulate a set of best practices for legal, regulatory, and ethical compliance
7. Conduct credible research and an evaluation of accounting literature that relates to the legal aspects of financial and commercial transactions

At the end of the course, learners may vary in their ability to achieve these outcomes. You are more likely to achieve these outcomes only if you attend class and/or online activities as required by the syllabus, complete the requirements for all assignments to the best of your ability, participate actively in class activities and group work as directed, and study diligently for exams.

V. Expectations

Learners can expect the instructor to:

- Respond to e-mail and phone contact attempts promptly (if you do not receive a response after 48 hours please follow-up as a technology glitch may have occurred)
- Substantially participate in weekly discussions/lecture
- Employ impartial and consistent grading practices
- Provide assignment grades and feedback in one week or less

Instructors can expect the learner to:

- Review the syllabus in its entirety requesting clarification prior to beginning week 1 coursework
- Obtain access to the required course materials prior to the class start date or notify the instructor of any delay no later than Tuesday of week 1 of the course
- Submit course assignment questions with enough notice to receive and incorporate feedback prior to the assignment due date (see [course late policy](#))
- Possess basic skills in Microsoft Office, and have the ability to access Blackboard
- Include the [course ID](#) (Ex: CORE101) on all e-mail correspondence
- Check Blackboard course announcements often during the course
- Communicate with instructors and classmates in a professional and respectful manner
- Substantially participate in weekly discussion/lecture (it is strongly suggested that Bb posts be prepared in a word processing software application then checked for grammar errors prior to submission)
- Submit assignments via the appropriate avenue (e.g. discussion board, Bb assignment link, etc.)
- Adhere to the Southwestern College [Student Code of Conduct](#) and [Standards of Academic Integrity](#)
- Create and submit original work

XV. ADA Compliance Statement

Southwestern College Professional Studies is committed to making reasonable accommodations for qualified students with documented disabilities. If you have a disability that may impact your learning and for which you may need accommodations, please notify the Director of Learner Support and Academic Success, at 888.684.5335.

XVI. Senior Capstone and Graduate Projects:

The majority of the programs offered by Southwestern College Professional Studies conclude with a Senior Capstone or Graduate Project. During the Capstone or Project course students will be required to retrieve papers, assignments and projects that they created during their entire program of study. For this

reason it is imperative that students design a method of storing program course work for use during their final class at Southwestern College Professional Studies.
