Southwestern College Professional Studies

COURSE SYLLABUS

I. Course Catalog Description

The practicum involves real work experience in a ministry setting, bringing prior BACM studies to bear in an on-the-ground ministry context. The course includes both field supervisor-directed practicum work, as well as instructor-directed assignments.

II. Required and Supplementary Instructional Materials

All required and supplementary materials are located in the Bb course.

III. Learning Outcomes

Learning outcomes describe the knowledge, skills, values, and attitudes that learners gain as the result of a particular learning experience. Southwestern College Professional Studies has learning outcomes specific to each course and each [undergraduate](#) and [graduate](#) program of study, as well as [institution-wide outcomes](#) related to the mission and vision of the college. Outcomes can help learners and instructors focus on the big picture of the learning experience and can help inform potential employers about a graduate's knowledge and skills.

Upon successfully completing this course, the learner will be able to:

1. Observe the execution of various ministry activities by an experienced minister.
2. Apply educational experience to real ministry experiences under the supervision of an experienced minister and course instructor.
3. Synthesize theoretical knowledge with practical realities.
4. Draw upon previous course study in the program to appropriate that work for ministry experience.
5. Develop and articulate a personal sense of mission for ministry.

At the end of the course, learners may vary in their ability to achieve these outcomes. You are more likely to achieve these outcomes only if you attend class and/or online activities as required by the syllabus, complete the requirements for all assignments to the best of your ability, participate actively in class activities and group work as directed, and study diligently for exams.

IV. Course Policies

Students are expected to read and abide by the course policies in the instructor-specific syllabus located in the Blackboard course.
