Program Description

Business trends consistently indicate a need for accountants nationally. The accounting program is a broad based curriculum that will prepare learners to work in the field of accounting in a number of different capacities. This degree focuses on gaining knowledge and developing skills in financial and accounting leadership; managerial, financial and cost accounting; corporate finance; financial audit; federal income taxation; and financial accounting systems.

The Accounting curriculum will provide learners with practical, marketable accounting skills grounded in industry accepted theories and practices. It will help them enter and/or progress in a burgeoning job market while building a solid theoretical foundation for potential preparation for the CPA exam or future graduate coursework.

Admission Requirements

1. Have completed a minimum of 6 post-high school college credits
2. Minimum GPA of 2.0
3. Minimum of 3 years of post-high school work experience

All degree requirements are subject to change. Please see Southwestern College Professional Studies Catalog for the most current degree requirements. All course descriptions can be found online at ps.sckans.edu.
