## PROFESSIONAL STUDIES

Category 1

Southwestern College Professional Studies  
Bachelor of Science with a Major in Healthcare Administration  
Air University ABC

Success in healthcare administration and management is leveraged not only by mastery of healthcare business disciplines, but also by demonstration of leadership in a complex healthcare environment. The focus of this major is on gaining knowledge and developing skills in healthcare leadership; administrative, human resource, and financial management; healthcare economics; and healthcare policy, law, and regulations. The healthcare administration curriculum will provide students with practical, marketable healthcare administration, management, and leadership skills grounded in industry accepted theories and practices to help them enter and/or progress in a competitive job market, while building a solid theoretical foundation for potential graduate studies.
