<b>Lower Division Elective Credits accepted from CCAF**</b>		<b>49</b>	<b>49</b>	<b>-</b>
<b>Total Credit Required</b>		<b>124</b>	<b>64</b>	<b>60</b>

**Admission and Transfer Credit Guidelines**

Learners are eligible to begin a degree program once they have accumulated at least 6 credit hours from an accredited institution. Credit earned through CLEP and DANTES examinations may count toward this 6-hour requirement if the credit has been transcribed by a previously attended institution. Additional CLEP and DANTES credit (up to 30 credit hours) may be applied as elective credit if it is transcribed by Southwestern College.

Full credit will be awarded for coursework listed on a Community College of the Air Force (CCAF) transcript, up to a maximum of 64 credit hours of college credit.

\*Any college-level math course accepted as part of a completed CCAF degree will satisfy the general education math requirement. However, some degree programs require an additional math course as a prerequisite. These prerequisite math courses must be completed prior to enrolling in major core courses.

\*\*Any lower-division academic coursework will satisfy this requirement.

\*\*\*Major Core electives may be fulfilled through academic coursework from an accredited baccalaureate degree-granting institution or completed at Southwestern College. Additionally, military training evaluated by ACE and designated as upper-division credit may be used to satisfy this requirement.

Air University ABC learners are encouraged to select courses that align with their major and/or academic interests.

**Effective date: 3/2026**
