### **How do I enroll in the course?**

- For now, you will just fill out the interest form until we determine how many how many people would like to take the course. At that point, all students selected will be contacted and walked through the enrollment process.

### **What materials are required to take the course? What should I bring to the course with me?**

- Ethics requires a book that is available in either print or electronic form. You should bring your copy of the book, as well as a notebook or laptop to take notes with.

### **Is there a special rate for T-Mobile employees?**

- Yes, Southwestern has agreed to cap tuition for T-Mobile employees at the amount full-time employees are allotted per year (currently \$5250). This does not include books or fees, so if you continue past your maximum, you will still be personally responsible for the cost of any books or fees associated with the courses.
