Program Description

The Criminal Justice program focuses on the social and operational aspects of criminal justice, as the contemporary demands of the discipline requires a strong ethical foundation, along with critical thinking, leadership and innovative approaches towards public safety. The multidisciplinary nature of our program provides learners with the knowledge and skills they can apply immediately in various criminal justice careers. In addition, program learners are afforded an understanding of the nature of crime and the personnel, institutions, and community involvement processes that assists in the response to, and prevention of crime. Learners learn both the theory and the operational practice of the criminal justice system. With specific emphasis on fostering community relationships, diversity, ethics, communication, leadership, psychological, and sociological aspects of the criminal justice environment. The curriculum covers crime and criminal behavior, policing, criminal investigation, cybercrime, criminal law and procedure, courts, corrections, criminal justice careers, and administration and management of criminal justice organizations.
