## Step Up. Opportunity Awaits.

# Undergraduate Certificate in Cybercrime Investigation

## Core Requirements

- SMGT341    Principles of Information Security
- CJUS362    Criminal Investigations
- CJUS411    Cybercrime
- COT420     Enterprise Forensics
- ISM431      Enterprise Security

## Program Description

The Cybercrime Investigation Certificate provides individuals a bridge between criminal justice foundational knowledge and the growing law enforcement and business challenges of cybercrime.  Learners in the cybercrime Investigation certificate have an opportunity to learn about the investigative challenges and societal impact of cybercrime, criminal investigative methods, legal and regulatory issues, and how the wide-ranging scope of threats manifests themselves across cyberspace.  Learners will also analyze mitigation measures from an enterprise level perspective. Our program is aligned with academic and industry wide technical competencies illustrated in American Society for Industrial Security (ASIS's) Enterprise Security Model.

## Admission Requirements

Anyone interested in completing the Certificate in Cybercrime Investigation may complete a Southwestern College Professional Studies Application for Admission. The five courses comprising the Cybercrime Investigation Certificate can be completed in eight months or less and their are no prerequisites.

Individuals completing the Cybercrime Investigation Certificate at Southwestern College may apply these 15 multi-discipline credit hours toward any bachelor's degree offered by Southwestern College Professional Studies as either a major requirement or an elective.

The Cybercrime Investigation Certificate is offered in an Online format. Courses are delivered in six-week sessions to allow maximum flexibility for busy professionals.
