Undergraduate Certificate in Emergency Management & Business Continuity

Core Requirements

- SMGT 350 Homeland Security: All Hazards
- SMGT 332 Corporate Risk Management
- SMGT 462 Emergency Planning
- SMGT 463 Crisis & Risk Management
- SMGT 464 Business Continuity Management

Program Description

The Emergency Management and Business Continuity Certificate is designed to address a multitude of issues and challenges facing the increasing complex nature of today's private and public organizations. Learners will examine best practices and lessons learned and analyze a wide range of topics and issues within the emergency management and business continuity discipline. Learners will analyze national standards in corroboration with assessing the skills needed for the formulation of emergency and business continuity plans, in order to maintain organizational and business functions. Related courses are supported by resources from FEMA's Emergency Management Higher Education (EM Hi-Ed) Program. Our program is also aligned with academic and industry wide technical competencies illustrated in American Society for Industrial Security (ASIS's) Enterprise Security Model.

Admission Requirements

Anyone interested in completing the Emergency Management & Business Continuity Certificate may complete a Southwestern College Professional Studies Undergraduate Application for Admission. The five courses comprising the Emergency Management Certificate can be completed in eight months or less in convenient six-week classes with no prerequisites.

Individuals completing the Emergency Management & Business Continuity Certificate at Southwestern College may apply all of these 15 credit hours earned toward a Bachelor of Science in Security Management degree.
