Program Description

The Emergency Planning graduate level certificate is designed to prepare the executive security professional for assessing and designing contingencies for public and private security measures in a global society. Threats to safety and systems are examined and emphasis is given to the analysis of models and practices. Students will examine the cost/benefit comparisons of contemporary, theoretical, and practical models. Individuals completing the Emergency Planning Certificate at Southwestern College may apply all of these 15 credit hours earned toward a Master of Science degree in Security Administration.

Admission Requirements

Anyone interested in completing the Emergency Planning Certificate may complete a Southwestern College Professional Studies Graduate Application for Admission. The five courses comprising the Emergency Planning Certificate can be completed in eight months or less in convenient six-week classes with no prerequisites.
