Program Description

The Bachelor of Science in Organizational Psychology degree focuses on an essential and fundamental understanding of the major elements in the field of psychology with additional focus on organizational psychology and its impact in the workplace. Students in this major will evaluate psychological theories and research, apply psychological theories and principles to organizations, and examine ethical issues in the practical application of psychological theories. Individuals enrolled in this major can enrich their skills and abilities to solve problems in the workplace, improve productivity and workplace quality. The Bachelor of Science with an organization psychology major is designed for both individuals who wish to complete a general degree in organizational psychology or prepare for an advanced degree in psychology.

Admission Requirements

1. Applicants must be graduates of an accredited high school or have completed a GED®
2. Minimum GPA of 2.0

All degree requirements are subject to change. Please see the Southwestern College Catalog for the most current degree requirements. All course descriptions can be found online at ps.sckans.edu
